Metabolism

ESPEN Education and Clinical Practice Committee

21st ESPEN Course of Clinical Nutrition and Metabolic Care

October 5th - October 11th
2014

Hradec Králové, Czech Republic

Czech Society for Clinical Nutrition and
Intensive Metabolic Care

Dear colleagues, dear friends,

Disease related malnutrition is still tremendous problem in clinical medicine in many countries. Good education is still cornerstone for the fight with this problem. Since 1994 ESPEN organizes the Basic Educational Courses in Clinical Nutrition. The aim of these courses is constant:

- Provision of the up-to-date knowledge of metabolic changes connected with disease and critical state
- Provision of the latest information on metabolic support for many patients and diseases states

We are proud to organize already 21st ESPEN Course of Clinical Nutrition and Metabolic Care. Moreover this course is already the 5th course which is organized by Czech Society of Clinical Nutrition and Intensive Metabolic Care (SKVIMP) in our country. We selected beautiful place in East Bohemia in old town of the Bohemian Queens - Hradec Králové.

We are pleased to invite you cordially to attend this course and we are sure that this course will be very helpful for your future work as well as well as for your patients.

Luboš Sobotka
