

Clinical Pharmacy Master's Programme at the University of Tartu

“We are excited to announce the launch of the new Clinical Pharmacy MSc program at the University of Tartu. This is a unique opportunity for pharmacists to enhance their expertise in clinical pharmacy and pursue their careers at the highest level.”

The program is designed for working professionals and can be completed entirely online. The curriculum is taught by experienced clinical pharmacists from Estonia and other European countries, and utilizes a problem-based approach to learning. The program takes two years to complete and is worth 90 ECTS credits. Upon completion, students will be awarded an MSc in Clinical Pharmacy.

If you are interested in learning more about the program, please visit our website at <https://ut.ee/en/curriculum/clinical-pharmacy> or our Facebook page at <https://www.facebook.com/ClinPharmUT>. “
